<b>Drama</b>	Pupils will be developing their own murder mystery storyline. They will develop their own characters, settings, potential murder weapons and creating alibis.
<b>English</b>	<p>As students would have been preparing to sit their Summer Exam, we are going to consolidate Reading and Writing skills for the majority of this term. We will then end the term with writing short Fairy tale stories, with a twist.</p> <p>This week students will complete some comprehension tasks, using PETAL paragraphs. This is something students are well aware of and this is a fantastic opportunity for them to revisit these skills; ready for when they return back to school.</p> <p>Over the next few weeks, students will be given a series of extracts, where they will analyse how and why the writer has chosen specific language and structure effectively and will analyse the impact they have on the audience. This will help with the way in which they are able to read for meaning.</p> <p>Teachers will be guiding students through this process, by re-teaching how to analyse these skills effectively and will scaffold content where relevant. By the end of the term students should hopefully glide through the tasks and end with heightened confidence. It will also aid them in writing their very own story.</p> <p><b>Students should also be reading for at least 20 minutes each day and adding at least two new Tier 2 vocabulary into their Victorious Vocabulary booklets.</b></p>
<b>Food</b>	One lesson a fortnight - sugar rush and food labelling.

### Doing a task

Watch the video carefully taking the best notes you can. Use lots of colour and work hard to follow each example. Replay anything you might be unsure of.

Work on your Building blocks. If you struggle with the video then improving these will help you access the task better. Aim to make all building blocks 100%.

Did you understand the video?

No

Yes

Do quiz

Great homework checklist	WWW	EBI
I write the title, date and HW for all my tasks		
I take full notes from the video		
I try to model my work the way I was shown in the video		
I use a ruler a pencil for all diagrams		
I write every question and full solution in my book		
I mark my work as I go		
When I get an incorrect answer, I try to correct this in a different colour pen		
I write my score in my book at the end of the quiz		

What score did you get in the quiz?

100% Great effort! Why not try the next HW or improve some of your other scores.

70 - 99% Try the quiz again and work hard to learn from any previous mistakes.

Below 70% Don't give up. If you have taken full notes of the video, worked on your building blocks and you're still struggling then leave comments for your teacher to ask for help. It's important you make sure you ask your teacher for help to make sure you can eventually get 100%.

VIDEO NOTES  
Hegarty Maths = Perimeter (2) 14th July 2016

Example ① Square with side 7mm  
Perimeter =  $7+7+7+7 = 28\text{mm}$   
Key Words: Length, Units, Distance  
Don't forget units!

Example ② Rectangle with length 9m and width 4m  
Perimeter =  $4+9+4+9 = 26\text{m}$   
Doesn't matter which method you use, they all work!

Example ③ Regular hexagon with side 9m  
Perimeter =  $6 \times 9 = 54\text{m}$   
Regular means all sides are same length

Example ④ Square with side length 5cm  
Perimeter =  $4 \times 5 = 20\text{cm}$   
Always draw a sketch from the information given

Example ⑤ Equilateral triangle with side length 4.1mm  
Perimeter =  $3 \times 4.1 = 12.3\text{mm}$   
Same as regular, use distributive law of multiplication

Example ⑥ Regular octagon with side length 7.4cm  
Perimeter =  $8 \times 7.4 = 59.2\text{cm}$

Example ⑦ Rectangle with width 5.2cm and height 7.9cm  
Perimeter =  $(2 \times 5.2) + (2 \times 7.9) = 26.2\text{cm}$   
Mental Maths:  $5.2 + 7.9 = 13.1$ ,  $13.1 \times 2 = 26.2$   
REMEMBER! There is more than one way!

1) Perimeter of shaded shape? Square with side 2mm  
Perimeter =  $4 \times 2 = 8\text{mm}$

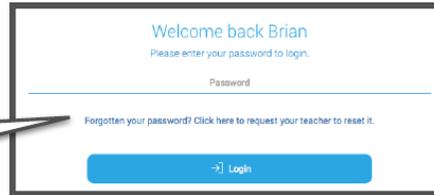

2) Perimeter of shaded shape? Rectangle with width 6m and height 11m  
Perimeter =  $(2 \times 6) + (2 \times 11) = 34\text{m}$

3) Perimeter of shaded shape? Hexagon with side 5m  
Perimeter =  $6 \times 5 = 30\text{m}$

What device should I use?

HegartyMaths will work on any modern device but we **recommend a PC or Mac for the best experience**. Tablets work well too.

HegartyMaths will work on the latest versions of Chrome, Edge, IE and Safari. **We do not support Firefox.**

What browser should I use?

Do I have to watch the video?

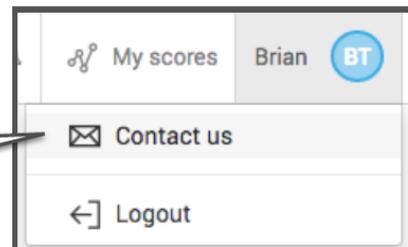

**In short, yes!** The video and the quiz are designed together so that you can be successful. The video will show you how to tackle the majority of the problems assessed in the quiz.

Try and explain to your teacher in a comment what you think is wrong. Submit a **question problem report**.

What do I do if I think there is a mistake in a question?

How can I contact HegartyMaths?

You can give us feedback on the site using the **contact us** form.
